abcde

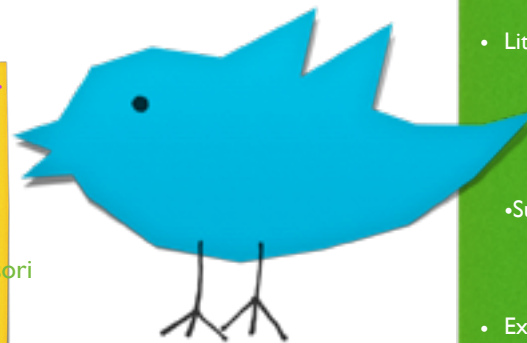

Welcome to Discovery Gardens Family Childcare! We are an Eco-healthy certified in-home and commercial childcare center, with small teacher child ratios.

When you bring your children to Discovery Gardens, you enter into a partnership with us. We have an open door policy and we believe in maintaining a close working relationship with all of our families, in order to provide the level of care for your children that you expect and deserve.

By bringing your children to our neighborhood childcare, you are giving them the opportunity to learn and interact with other children in a comfortable, safe environment.

The great sign of success for a teacher is to be able to say, "The children are now working as if I did not exist."

Maria Montessori

All of our current teachers are certified and we pride ourselves on serving our community. Communication is our first priority, please don't hesitate to contact us!
