Dear Parents/Guardians,

It's been a little while since you've received a newsletter from Discovery Gardens, but we are bringing them back. I know you hard working families want to know what's going on at the center(s) and would like to be more involved with what your children are learning.

My job as the parent coordinator is to make sure that your needs are being met as well as your children. I communicate directly with each site director and teachers to know the day to day goals and outcomes for each again group enrolled here at Discovery Gardens.

In this newsletter you will find the closure schedule, book of the month, reminders, and field trips planned, small biographies on new teachers, community events and more important announcements.

If you have any questions regarding the newsletter, the website, a questions or concern please feel free to contact me directly at: destiney@childcarediscovery.com

Warm regards,

Destiney Clark

Mixed Me! By, Taye Diggs

For the month of February your children will be focusing on a creative curriculum based on "Friendship," while incorporating this wonderful book called, "Mixed Me!" This book is about a little boy with wildly curly hair that navigates the social terrain of being a biracial child.

More Important News

Kenton

Please welcome Kayla. She will be our new float/aide that will be assisting in multiple classrooms. She will be starting at our Kenton location February 1st. Welcome Kayla to our Discovery Gardens Family.

Lombard

Please welcome Jenna. She will be the float teacher between the toddler room with Miss Brittany and the preschool room with Javier starting February 1st. Jenna has a friendly, warm personality. She has experience working with all ages of children, we are glad to have her be a part of our team.

Columbia Knolls

Our Columbia Knoll location is a separate business from the Lombard and Kenton locations. This means that the childcares have the same owner but operate differently. For an example, the end of the tax year statements are coming from two separate businesses. The policies are almost the same and the high standards and mission is across the board the same, however Columbia Knoll works as an Early Head Start and has some areas of practice that are different to be meet by the Early Head Start and federal guidelines. Part of that is the qualification process of enrollment, please note that not all children at Columbia Knoll are a part of the Early Head Start program, however all children out there receive the same care. We would love to explain more in detail. Please inquire in person with any further questions.
